

BESTIVAL and THE FOOTPRINT TRUST presents ADOPT A BOTTLE:
WATER FOR LIFE...

saving water

in your school

Waterworkshop

The Footprint Trust in association with Bestival Festival is pleased to be able to offer Isle of Wight primary schools the following;

- ***A free workshop on water issues along with information on saving water in the school and home and improving habitats for wildlife***
- ***A free Eco-audit will also be included as part of our visit, involving members of the School Council***
- ***A friendly chat with relevant members of staff, such as site managers and caretakers, to look for ways of reducing water use and wastage***

A further visit will be arranged to talk with pupils and staff about your success in saving water...

- ***Every primary school child can be given a free strong, Brita drink bottle to adopt as their very own, made from recycled plastic. Thanks to Bestival. Order yours today – limited stock.***

We are now booking schools for 2012 on a first come – first served basis.

The Waterworkshops will focus on;

Water in the World – in other countries people don't have enough water. Some people have water BUT it is not safe to drink. Why is this?

Someone on the Isle of Wight will use about 10 times more water than someone in Africa. Why is that? What can we do about that?

The Isle of Wight imports 25% of its water from the mainland. Is that a good thing?

Water and Health - Everyone (100%) in the UK has access to clean drinking water, Cuba 91%, India 84%, Turkey 81%, Pakistan 66% but Papua New Guinea only 49%. Why is this? How can we help?

The human body is about 70% water. Without clean water people, particularly children, can become ill and die. What needs to be done? Do we drink enough healthy water?

Water and Wildlife - What lives in ponds, rivers and the sea? What do we know about these animals? How can we help these creatures to survive in the future?

Saving Water in the School – are taps left running or dripping, are sprinkler systems left on?

To book a place please call Ray at the Footprint Trust today on 82-22-82 or email ray@footprint-trust.co.uk

For more information please do contact us.

We need your booking by 31 January 2012 to guarantee a visit to your school in March to December 2012.
